Create a Gmail e-mail

Almost there! On this page, you have the option to add another recovery phone number or e-mail, if you want extra account security.

Month Day Year

Your birthday

Gender

Type your birthdate, month, and year.

Select your gender (optional).

Click **Next**.

Google's Terms of Service and Privacy Policy appears on the next page.

Read through some of the information, and once you are ready to move onto the next page, click once on the **I agree** button.

Congratulations! You have successfully created a Google e-mail account.

E-mail Terminology

8

Inbox: The main space where e-mails that come to you will be stored.

Attachment: Any file that is added to an e-mail message. Examples include: documents, images, .mp3 (song files), or .PDF.

Drafts: E-mail messages that you have started to write but have not sent yet. Can be edited and sent at any time.

Folders: A way to sort e-mails into categories, like "From Mom" or "About Technology". These can be created by you and edited at any time.

Contacts/Contact book: Displays list of people and organizations that you have e-mailed or been e-mailed by.

Reply: The button that allows you to send an e-mail to someone who has e-mailed you.

Reply All: The button that allows you to send an e-mail to everyone who received the e-mail, not just the sender.

Forward: The button that allows you to share a message to another person, without having to write the e-mail yourself.

To CC someone: Pronounced like "see-see". A copy of the e-mail is sent to the recipient whose e-mail address appears in the message's **Cc:** header field.

Spam: The location for storing unwanted e-mails as determined by a spam filter. Also called a "junk folder".
