Questions/Responses:

The following information is a response to questions asked by firms from January 24, 2025. If you feel that a question has been asked that is not represented/addressed below, please contact Jessica Addo as soon as possible at purchasing@kclibrary.org to address the question. The responses to the questions are indicated in **BOLD**:

1. Does the sequence of sections in the “Proposal Content & Format” need to appear in the order shown, or is it acceptable to display them in any order as long as the Proposer includes the sections requested? We wanted to confirm so that we can work on the narrative and the flow accordingly.

As long as the information is included, it does not have to be in the order listed in the RFP.

2. What primary systems or technologies (e.g., library management system) does KCPL currently use in its day-to-day operations?

Our integrated library system (ILS) is SirsiDynix and we subscribe to OrangeBoy’s data analytics.
