

INVESTMENT RESOURCES

General Information

The Kansas City Public Library provides many resources to research investments to meet your personal financial objectives. A search of our [online catalog](#) using the subject heading “[investments](#)” will produce a list of titles addressing a wide range of investment topics. For decades, the [Value Line Investment Survey](#) has been a go-to resource for advice on stock investing. With a one-page analysis of thousands of equities and hundreds of mutual funds, Value Line thoroughly covers the American investment universe. The library collection also includes several investor newsletters, such as [The Kiplinger Letter](#). Also check out U.S. Securities and Exchange Commission’s [Investor.gov](#).
