

MONEY MATTERS

Money Matters Booklet

The [Money Matters Booklet](#), created in partnership with the Women's Employment Network, is another great way to learn about banking, budgeting, credit, identity theft, and payday loans. It is also available in [Spanish](#) and [Somali](#).

Financial Opportunity Centers

[LISC Greater Kansas City](#) has partnered with local foundations and financial institutions to bring to Kansas City a network of Financial Opportunity Center sites to help families and community members stabilize their long-term financial outlook. Based on a model developed by the Annie E. Casey Foundation, FOC® sites provide individuals and families with services across three areas: employment placement and career improvement, financial education and coaching; and public benefits access. These core services are integrated to provide a multi-faceted approach to income and wealth building.

- Increases individuals' access to jobs and builds an economically resilient, financially literate and employable workforce.
- Empowers people to take control over their financial future through coaching, financial literacy tools, career and job planning, and more.
