

ADDENDUM #4
February 25, 2026

This Addendum #4 is issued to the Kansas City Public Library's Request for Proposal for POTS Lines Service to make the following changes, additions, deletions, and/or clarifications:

Questions/Responses:

The following information is in response to questions asked by a firm on February 23, 2026. If you feel that a question has been asked that is not represented/ addressed below, please contact Jessica Addo as soon as possible at purchasing@kclibrary.org to address the question. The responses to the questions are indicated in **BOLD**:

1. Could you please confirm whether the Library's network can be used for internet connection?

These lines will be needed when the Library's network is down. The Library's network could potentially be used as a secondary connection, but there needs to be a separate connection in case of a Library network outage.

2. In cases where the lines are used for life-safety, will the Library allow a LAN connection with Internet access for a solution?

A VoIP Internet connection would be acceptable, but there must be a connection separate from the Library's LAN.
