ADDENDUM #1
November 10, 2022

This Addendum #1 is issued to the Kansas City Public Library’s Invitation to Bid for STORAGE AREA NETWORK (SAN) SERVICES to make the following changes, additions, deletions, and/or clarifications:

A. Questions/Responses:

The following information is a response to questions asked by a vendor on November 9, 2022. If you feel that a question has been asked that is not represented/addressed below, please contact Jessica Addo as soon as possible at jessicaaddo@kclibrary.org to address the question. The responses to the questions are indicated in BOLD:

1. KCPL previously pursued a 5 year support model with their previous vendor; is a 5 year, 24x7, support the desire for this refresh?

   Yes, that is correct.

2. The ITB states that the solutions be configured with RAID 10; will you be accepting a different RAID configuration, if it is more efficient and effective?

   The Library would first like to see bids for the specifications as listed in the ITB. Bidders may submit an additional bid for alternative specifications with an explanation of why it will be better or more efficient as well as the estimated drive count.
